

CARL MARTIN

DC FACTORY

POWER SUPPLY

The DC Factory is a high-quality power supply for pedalboards, offering multiple isolated outputs and silent operation.

SPECIFICATIONS

- Mains Power Input Switch Mode fused 100-240V (fuse T1A).
- 4 x 500mA 9V Digital Isolated & separated PSU's each with 2 DC output (Barrel positive +)
- 1 x 500mA 12V Digital Isolated & separated PSU with 2 DC output (Barrel positive +)
- Total DC outputs 10 pcs (Barrel positive +)
- Total Power available 2500mA

KEY FEATURES

- **High current multi-pedal power supply**
- **10 isolated DC outputs**
- **Worldwide voltage compatibility (100-240V)**
- **Quiet operation with short circuit protection**
- **LED status indicators for each output**

- **Dimensions:** 150 x 85 x 45 / 5.91" x 3.35" x 1.77"
- **Weight:** 0.68 kg / 1.50 lbs
- **SKU:** CM-DC-FACTORY
- **EAN:** 852940000936
